Inizjamed Contributes to the Ġorġ Mifsud-Chircop Lecture Fund

The voluntary cultural organisation Inizjamed has donated €233 (Lm100) to the fund set up at the University of Malta by the family of Dr. Ġorġ Mifsud-Chircop to hold lectures on Maltese Folklore.

Inizjamed has made this donation in appreciation of Dr. Mifsud-Chircop's lifetime contribution to the study and appreciation of Maltese culture, especially in its Mediterranean context. The organisation of these Lectures on Maltese Folklore will help established scholars to build on research done by Dr. Mifsud-Chircop and others, and it will also encourage other scholars to do research in this area where so much needs to be done.

These studies allow us Maltese to understand the different aspects of our culture but also to appreciate better the cultures within our region. This is in line with Inizjamed's initiatives in the field of intercultural dialogue which have prompted the Government of Malta to appoint Inizjamed (and the National Orchestra) as Maltese ambassadors of intercultural dialogue for 2008.

Inizjamed would like to encourage individuals and organisations to donate to this Fund by sending cheques to: Fond għat-Taħdita Ġorġ Mifsud-Chircop, L-Uffiċċju tal-Finanzi, L-Università ta' Malta.
